

# YOUR BOOKS ROCK

Dear Mrs Hall,

I don't like reading or writing, although when I read White Ninja and Red Samurai I fell in love. I loved your descriptions and how the books flowed ~~together~~ together one after another. Now I am obsessed with Ninjas.

The one thing I don't get is are NINJAS GOOD or EVIL because in all of the movies I have watched Ninjas are evil because they try to exact some bad thing into someone and they try to take Wolverines heling power out of him and put it into some one or some thing else.

You need to improve on ~~for~~ your writing eg  
YOU DON'T WRITTE THE NEXT BOOK IN THE SERIES QUICK ENOUGH!  
some advice DON'T take drugs like the stupid Popsstars do!

I chose your book to write a book review on for school and I quickly convince my teacher to read it as well as some students.

Your books were definitely worth reading and writing about. Plz send me the next book! You know my mum Katherine Miller-Shah.
